## AJUSTABLE ZIP-LOC PIPE HANGER KIT

- Black finish
- Compatible with multiple pipe materials

The height is controlled by the scale, which can reduce the error and keep it in a balanced state.

**P**rovide maximum support for DWV pipe (Figure 1). To be used in a wide variety of applications. Provides additional support from expansion and contraction.

Used to fasten and fix pipes.

### Features

- High impact plastic. Replaces galvanized straps and is non-corrosive.
- Grade-marked in 1/2" increments, over length of 24" or 48".
- Ratchet design adjustable zip-strap design locks in place to support pipe.
- Octagonal rod design is ideal for installing branch line pipes at angles.
- Fits for DWV pipe.
