

INSULATED DRAIN HOSE

Submittal Information

Part No.	33511-33513
Document No.	SPEC33511
Date	2025-02-14
Revision	01

General Properties

- Material: PVC + Insulated Foam
- Color: Ivory white
- Fire resistance: ✓

Specification

Item No.	Description	Length	D Ref	D1	Weight	Std. Pkg	U/M
33511	Insulated Drain Hose	65'	31/32"	1/2"	2.8 kg	1	RL
33512		65'	1-3/16"	3/4"	3.6 kg	1	RL
33513		65'	1-17/32"	1"	4.8 kg	1	RL

Features

- Insulated design Protects hose from sweating that can occur from cooler condensate and warmer ambient air.
- Provide flexibility, kink-resistance, and resilience in extreme temperatures.
- No need to cut and cement plastic pipes for the drain assembly.
- A universal fit supports quick and easy installation with most AC units and drain systems.
- Fire resistant, recommended for indoor use.

Applications

For indoor use only, compatible with commercial HVAC systems, ceiling cassette units, and ducted concealed installations.
